

GLOBAL FRANCHISE FORUM 2018

Naples/Italy - Gateway for European Franchise Expansion

32 countries with one contact

Tuesday April 17th to Thursday April 19th, 2018

GLOBAL FRANCHISE FORUM 2018

Franchise Pool International's (FPI) Global Franchise Forum is the place to connect with a truly international team of professional franchise consultants who are ideally placed to assist your European expansion needs as well as expansion to Canada and the Middle East.

The Forum is a unique blend of information gathering, networking and professional development, providing best practice on expanding your brand internationally. Instead of traveling to each individual country, visit the Forum which offers you a platform to meet 17 specialists representing 32 countries - 26 in Europe plus the Gulf States and Canada. Combined with a comprehensive program of services and information the Forum offers you and your team the opportunity to gain greater insight into achieving your international expansion goals.

This year's motto is: 32 countries with one contact

Many franchise systems start their international expansion driven by a request from abroad. Often, they assume - what is successful in my country could be successful in other countries, too. But that is a misconception. International expansion requires the same efforts, time, and money as if you invested in your system at home. Even if you have the right expansion strategy you need to travel extensively to get in touch with the right people in all your destination countries. FPI has a better and more economical solution: With one contact in your initial target market you reach prospects in over 30 countries. We are the experts in international franchising and we know what is needed for "expanding" your brand. Many countries offer great opportunities for your franchise system to be successful but you need to know how to maneuver each market's unique challenges. FPI starts by laying out what is necessary for a successful expansion and what are the legal requirements. Your FPI broker has the expertise, is familiar with the territory, knows and understands the local culture and is aware of any danger signs. Working hand in hand with us as your guide FPI provides you with a greater and better understanding of the territory.

Both the opportunities and challenges for your expansion greatly multiply by targeting different countries. Each member of Franchise Pool International supports your company in managing the local franchise challenges. Our general mission is to find a master franchise partner in your target markets.

Who we are

Franchise Pool International (FPI) is Europe's leading network of specialised franchise consultants - now including partners from the Middle East and Canada. FPI consultants have the skills to support your expansion plans across 32 countries in Europe, the Middle East and Canada, providing expert local knowledge and a proven track record in successful franchise development and master franchise recruitment.

Every member of FPI offers professional local insights into their respective markets. You can rely on their long franchise experience for your successful market entry. Franchise Pool International specialists provide valuable knowledge about the opportunities and challenges for franchising across Europe through chairing sessions on key topics, such as how to identify master franchisees, lead generation and best practices in structuring master franchise programs.

What we offer

The 2018 Naples Forum is FPI's 7th Global Master Franchise Forum and is designed to accelerate the development of your brand in Europe, Middle East and Canada. We offer fast track reviews in taking your brand internationally. We also introduce you to challenges and best practice cases. Additionally, you can take part in our "One-2-One sessions", which are often the starting point of profitable long-term relations with individual FPI consultants. You can speak to each FPI partner and discuss your questions for each country, covering 32 markets, all in one afternoon. Each individual FPI partner covers their region or country presenting you with the key characteristics of your target markets. This process enables you to initiate the planning processes necessary to achieve your international expansion goals.

The Global Forum also provides many opportunities for networking with the consultants and franchisors present. FPI is structured so as to provide you with an effective franchise development team for your European expansion. Each client has a designated FPI account manager, whose role is to liaise with his FPI colleagues and provide each client with a single point of contact for all FPI services.

Brand Presentation

Present your brand to a selected audience of highly qualified franchise guides (consultants) and watch how other franchisors present what they have to offer to find their way in the franchise world.

What are your key success factors and how do you differentiate your brand from your competition?

Master Classes

To help you to successfully find the right path, a series of workshops, chaired by FPI specialists, will provide insights into some of the key opportunities and challenges you will face.

Observer

If you only want to learn more about "International expansion" but your brand is not yet ready for expansion into foreign countries you are invited to attend the same program as an observer without presenting your concept. You can learn from the master classes and you can network with other franchisors and our Franchise Pool International experts. That may make you ready to present your brand the year after.

Franchising in Europe and International Markets

During the Forum's opening session we will present you with an overview of the European franchising industry, including the Middle East and Canada. This will include details on the current market environment and updated key data on individual countries and markets. This session will highlight the positives but will also address the difficulties of doing business in European and international markets.

One of Europe's top franchise lawyers will further address insights into the impact on franchising of different legal systems and practices.

International Yes, but ...

A carefully designed program of master classes will explore the key "do's" and "don'ts" in developing and executing an international expansion strategy. This year's Forum will focus on issues such as: the basic requirements for international expansion, know the market you are entering, the profile for the (master) franchisee, use local knowledge to find your (master) franchisee, the legal implications.

This is just a selection of the workshops that will be presented. You will also hear about the difficulties of managing international franchisees, how to design a clear and profitable fee structure, and why cultures matter. On an individual level the FPI consultants will discuss with you the specific needs in the country they represent.

Dates and Times

Arrival is on Tuesday April 17th - at 19:00 h

The opening cocktail reception will give you the opportunity to meet the FPI members and the representatives of the other brands in a relaxed environment.

The Forum starts on Wednesday April 18th at 09.00 h and will end at 17.00 h on Thursday April 19th. For the evening of the 18th a surprise program followed by a social networking dinner activity is planned. We will provide you with the complete program before the conference.

GLOBAL FRANCHISE FORUM 2018

Destination

Naples is a metropolitan city located in the south of Italy. It is the third largest city in Italy and the capital of Campania region. The Naples landscape is dominated by Vesuvius which rises almost at the center of the Gulf of Naples with the famous islands Ischia or Capri in front.

Naples spreads over several hills some of which reach 150 meters (about 500 feet) with an elevation of 450 meters (about 1,500 feet) above sea level at the highest point. It boasts one of the biggest historical centers in the world. The city's pride are the 448 historical and monumental churches, the highest number in the world for a single city. Naples is also the home of the original Pizza.

Its a must for each visitor to eat a Pizza Margherita in one the world's oldest Pizzerias. You will be delighted.

Venue

The Royal Continental Hotel is a modern 4 Star Hotel, located right on the water front opposite Castel dell'Ovo. The hotel takes advantage of its privileged location to forge out a new concept in hospitality in the city of Naples. It is only a few minutes in walking distance from the center where all sightseeing landmarks are located. The hotel also features a sea water outdoor swimming pool on the roof top, a solarium, a fitness center, a bar and a restaurant with a great view.

You may reserve your hotel room at the hotels website or call the hotel phone number and indicate that you are attending the Annual Franchise Pool International Global Forum. The room rates for a standard room start from EUR 160.- for a single room including buffet breakfast and EUR 179.- for a double room (excluding local city tax). The rooms with sea view are a little bit more.

The deadline for making reservations is February 28th (or when the FPI room block is filled, whichever comes first.) Once the rooms we have pre-reserved are sold out, reservations will be accepted on a space and rate availability basis. For more information about the Hotel visit <http://www.royalgroup.it/royalcontinental/en>

GLOBAL FRANCHISE FORUM 2018
